

Position: Business Valuation Expert

Location: DFW/Houston

Type: Full-Time

Industry: Energy, Business Valuation, Financial Consulting

Level: Manager/ Director

Compensation Range: \$110,000-\$275,000

About Us:

At ValueScope, we are dedicated to providing premier business valuation and consulting services to a broad spectrum of industries, with a strong emphasis on the energy sector. We offer comprehensive valuation, financial analysis, and consulting services to help our clients make informed decisions and navigate complex financial landscapes.

ValueScope is a versatile financial valuation firm servicing privately held and public companies, individuals, and government agencies, capable of answering all value-based and financial inquiries. Engagements range from startups and family businesses to multi-billion-dollar enterprises. Clients vary from business owners and management teams to attorneys, accountants, and bankers. ValueScope's highly degreed and credentialed valuation professionals offer expertise across a broad range of financial and tax matters and in the creation, application, and defense of sophisticated valuation methodologies.

Job Overview:

We are seeking a highly skilled and experienced Business Valuation Expert with a focus on the Energy Industry. This role requires deep industry knowledge, strong analytical skills, and experience in valuing assets, businesses, and projects within the energy sector.

Ideally, the candidate for this position has experience in the valuation and cost segregation of asset-intensive entities that are financed by tax equity investments, sale leasebacks, and inverted leases. Industry experience should include energy generation and distribution. Client relationships and sales experience is a plus.

Key Responsibilities:

- **Valuation Expertise:** Conduct detailed valuations of businesses, assets, and projects in the energy sector, including financial modeling, discounted cash flow analysis, and market comparables.
- **Report and Presentation Preparation:** Oversee the preparation of valuation reports, financial analyses, and presentations for clients, stakeholders, and regulatory bodies.
- **Stay Industry-Informed:** Maintain a strong understanding of market trends, regulatory changes, and emerging valuation methodologies in the energy industry.

Qualifications:

- Bachelor's degree in Finance, Accounting, Economics, or a related field; Master's degree or MBA preferred.
- Relevant certifications (CFA, ASA, CPA, ABV, or similar) are strongly preferred.
- 5+ years of experience in business valuation with a focus on the energy sector.
- Proven ability to generate business, preferably with an existing book of business.
- Strong leadership and interpersonal skills with experience in building and managing teams and acquiring, maintaining, and training talent.
- In-depth knowledge of financial modeling, market trends, regulatory guidelines, and valuation methodologies within the energy industry.
- Excellent communication and relationship-building skills, with the ability to effectively engage with team members.
- Strong problem-solving skills, attention to detail, and the ability to manage multiple projects and deadlines with also maintaining high quality standards.
- Engage with clients to understand their needs, explain valuation processes, and address any questions or concerns.
- Conduct detailed business valuations for companies and projects in the energy sector, including oil & gas, renewables, utilities, and energy infrastructure.
- Analyze financial statements, industry data, and market trends to provide accurate valuation reports.
- Prepare written reports and presentations to effectively communicate findings and valuation conclusions to clients, stakeholders, and regulatory bodies.
- Provide valuation opinions related to mergers and acquisitions, financial reporting, tax planning, and litigation support.

Why Join Us?

- Very competitive compensation package with significant growth potential.
- Work with a diverse and growing client base in the fast-paced and dynamic energy sector as well as other industry opportunities.
- Collaborative and entrepreneurial environment with access to leadership and decision-making.
- Comprehensive benefits, including health insurance, retirement plan, bonus, Long-term and short-term disability, holidays, PTO and professional development opportunities.

How to Apply:

If you are ready to grow with us, please submit your resume, cover letter, and relevant certifications to info@valuescopeinc.com or kbulls@valuescopeinc.com
